WELCOME!

Welcome to the City of Dublin Parks & Recreation Department, and thank you for your interest in the 2017 Preschool and Youth summer camp season.

As a nationally accredited agency through the Commission for Accreditation of Park and Recreation Agencies (CAPRA), you are now part of an organization that strongly believes in the need and benefit of recreation services.

While we are currently busy planning an amazing summer camp experience for your children, we wanted to begin the communication process to provide the necessary information to help you determine your child's summer break plans. We understand this can be a tedious experience, so we want to simplify the process as much as we can for you.

Since our camps ended in 2016, we have been researching and developing a stair-step approach to our camps, from our youngest age group to our tweens. Our focus is on providing an age-appropriate, but most importantly, **FUN** camp experience for your child, developmentally specific to their needs and providing positive, peer connections that build respect and social skills along with fine and gross motor development. We are so excited to roll out these summer camp experiences to you in 2017!

After reviewing the information in this packet, please review the 2017 Parent Handbook. New and returning camp families are required to review the packet in its entirety and contact the Preschool/Youth Programming Team with any questions.

All Preschool/Youth Summer Camp Information will continue to be posted on the City of Dublin's website and via the camp email distribution list as it becomes available, January – March. We strongly encourage families interested in our camps to review the information and contact us with any questions prior to summer camp registration.

Thank you again for choosing our camps and allowing us to share in your child's camp experience.
